

# Employers Partnership for Diversity is excited to welcome you to the 2008-2009 Series

Building Blocks for the Culturally Capable Workplaces

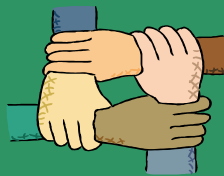

## CATALYSTS FOR CHANGE: CREATING A MORE INCLUSIVE WORKPLACE

As demographics change in our city, country, state, and nation, and we welcome people from differing racial, ethnic, national, generational, sexual orientation, and other backgrounds into our communities, we have a need to design our organizations to better meet the needs of our employees and customers.

These workshops will explore what, why, and how we need to transform our organizations.

**All Workshops  
Will Be Held from  
8:30-10:30 AM**

Watch for the monthly workshops covering Diversity Today, Recruitment & Retention, Political Policies, Poverty, Religion, Abilities, and Diversity Initiatives in the Workplace. Workshops will be hosted alternately in Corvallis and Albany.
