College	Organization	Internship Description
	Microsoft Scholarship – recipients are required to complete a salaried summer internship	Microsoft is committed to building the pipeline of future computer scientists. As an intern at Microsoft, you'll have real responsibility, real work, and real opportunities to jumpstart your career. (You'll get paid, too!) It's an experience you'll never find in a classroom. You'll be given manageable assignments that you can complete while you're here, and your efforts will likely take shape in Microsoft products—or be used by Microsoft teams—long after you return to school. You could help create a Web application, a marketing plan, a prototype, a user guide—the possibilities are endless. And just imagine millions of customers, not to mention your classmates, seeing your work! Some interns even parlay their experience into a job offer. http://www.microsoft.com/college/ip_overview.mspx
